

Editor's Note

It has been almost one year since AMJAM was started to be issued. We have accepted many articles on various topics in medicine and alternative medicine. In this issue, we have included interesting topics in several medicine specialties and on the role of imagine in diagnosis of infectious diseases. Our editorial team is working hard to improve the quality of AMJAM and feel that we are in the right direction. We hope that our readers will support our journal by submitting high quality work to our journal to further improve the quality of AMJAM.
